May 7, 2010 Program

Digital Television 2010 - Fred Lass K2TR

The HDTV transition that we all heard about for many years, took place on June 12th 2009. Almost a year from the cutover, what has changed, what has worked, what has not and how has the general public responded to this federally mandated change?

Our very own member, Fred Lass, who is chief engineer of WRGB television station, will be our guest to update us on the DTV transition and let us know what might be coming in the future. Bring your questions, experiences and thoughts about DTV as Fred is extremely knowledgeable and enjoys helping people get on the air with DTV!

Be sure to join us this month, a week earlier than our regular club meeting.

7th Annual East Greenbush Amateur Radio Association (W2EGB) Hamfest

Date: 05/08/2010

Location: East Greenbush Fire Company, Phillips Rd. , East Greenbush, NY

2010 Annual AARA dinner a success!

Our AARA dinner at the Western Turnpike Golf Course this year was very well attended. We featured a very tasty dinner by the Mallozzi family and a very relaxing evening to visit with our fellow hams and their special guests.

Our speaker for the evening was Lt. Col. George Alston from the 109 Airlift Wing. An incredibly engaging and dynamic speaker, he kept the group riveted with a lively discussion of the mission and purpose of this division of the National Guard.

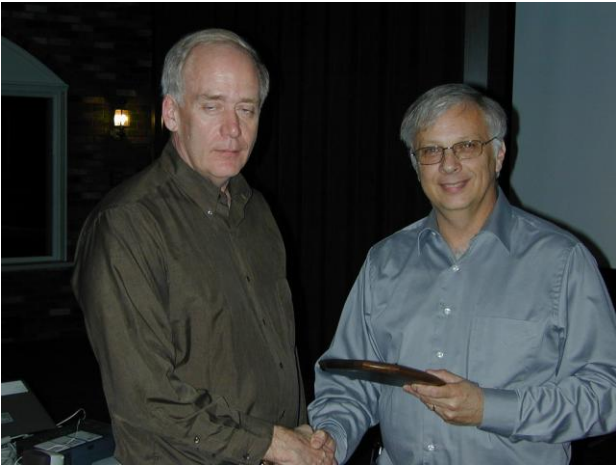

Many thanks for the success of this dinner go out to our dinner coordinator Steven Hans KC2VUE. The event requires a lot of preparation to make it all happen and Steven and his wife Maureen's dedication to our club is very much appreciated. We think he is already planning next year's function!

Radio Frequencies used by the Guard.
