Amateur Radio classes began on Thursday July 14 in the evening at 7:30PM at the Wyman Osterhout Community center on 7 Old Road, New Scotland. Please let any interested students or newly licensed hams know.

The first class will include: introductions, a short talk on ham radio in general and beginning electrical theory, questions and answers and perhaps a bit of Morse code(?).

Any other volunteer instructors who are ready to teach their chosen topic please let me know so I can get you scheduled.

If there are any last minute volunteers who would like to be a part of this event feel free to email me and let me know what you would like to teach.

We are going to try to keep the classes at 2 hours each.

Let's try to make this a fun and interesting experience for our students and newly licensed hams. 73 to all, John K2QY@arrl.net
